Investment objective

MCB 2025 Target Date Fund is an open-ended fund constituted under the MCB Unit Trust, duly authorised under the Securities Act 2005. Depending on its proximity to the Target Date, the Fund will endeavour to achieve various objectives to varying degrees (growth, income and conservation of capital) by investing in a mix of local and foreign securities in different combinations and weightings. As the Fund approaches and passes the Target Date, it will increasingly emphasise on income and conservation of capital by investing a greater portion of its assets in bonds or other fixed income securities and high-yielding equities. In this endeavour, the Fund will seek to balance the total return and stability over time in light of the Target Date.
